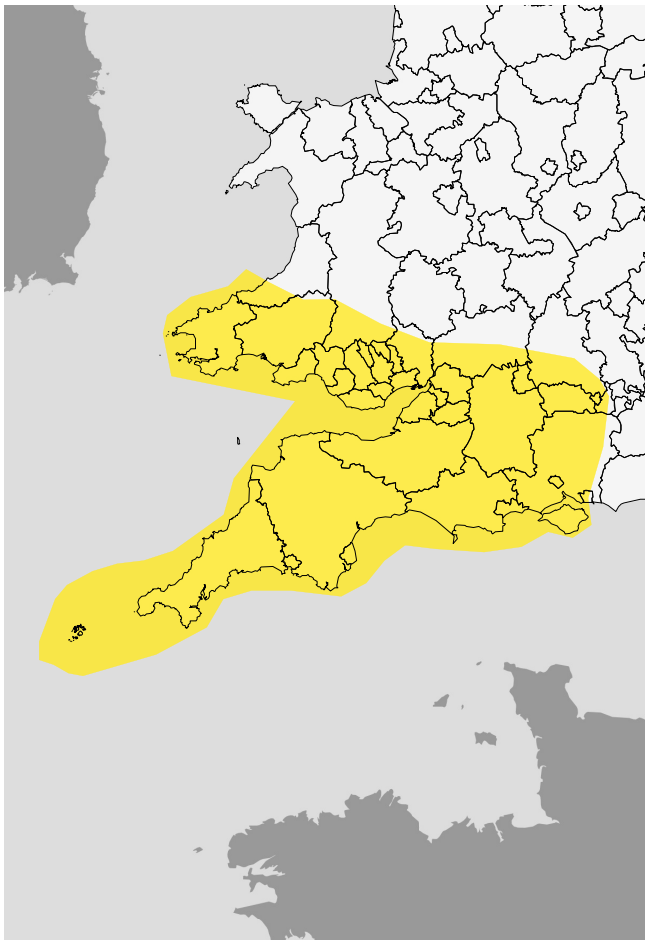
Yellow warning
Rain

Between
18:00 Mon 8 Jul 2024 and
03:00 Tue 9 Jul 2024



Rain becoming persistent and heavy this evening, leading to some impacts on travel and infrastructure

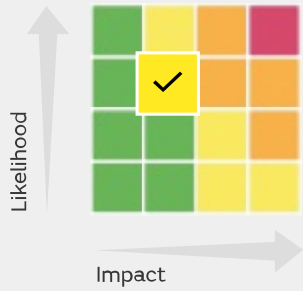
What to expect

- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- Some interruption to power supplies and other services likely

Further details

After a generally cloudy day with showers, more persistent rain will push north this evening and overnight. Rain will be persistent and heavy at times, particularly so for hills, moors and headlands exposed to brisk winds.

Most of the warning area will see 20-40 mm of rain, with as much as 60-70 mm possible for some areas, for example Dartmoor and Exmoor. Rain should ease from the south during the night, clearing to scattered showers by morning.



✓ Medium likelihood of low impacts
